## Strange New Set Up For Election Of Record Nature

Midnight Before Machine Count And Records Completed By Board

The election day set up for the Belle Glade precinct, one of the largest in the county under the new permanent registration, showed a new set of arrangements for getting in and registering the votes.

The election board has secured the Legion Hall, instead of the City Hall, as the place for the voting, poll place, so as to accommodate the white and black electors, and the holding of the six voting machines used, four by white and two by blacks.

The new registration lists prepared this year by Supervisor Upthegrove, were used for the first time. For convenience, and to hasten the voting of the immense ballot, the list was divided up into alphabetical sections, in charge of special election officers, and one official on guard at the machine center.

Benches were also located around the hall where voters could study sample ballots before entering the booth to cast their ballot by pulling the machine lever.

The best of order prevailed throughout the open poll period and there was a great interest shown in the election, as marked by the largest number of votes cast in the history of Belle Glade precinct, namely 1469, out of around 1800 registered.

A scene never before witnessed in Belle Glade, from mid-afternoon until well after poll closing time, was to see lines of 15 to 20 persons seated waiting to get a new set of voting machine, and most of them had a long wait.

One act was discovered when it was found that a negro was standing near the voting booth, and surreptitiously passing out a marked ballot to the voters, before they entered the booth. Law officers broke this up, and invited the offending person to the outside.

When the time to close the polls, there were many lines at the hall, and these were permitted to vote before the machines were located for the inspection and count. It was well toward midnight before the books and paper work was completed by the election officers.

### PROCLAMATION

WHEREAS, The Post Office Department in Washington is setting aside the week of May 15-21, 1948, as a period of observance of the 150th Anniversary of the United States Air Mail Service, and WHEREAS, the growth and development of air transportation and the aviation industry has and will continue to be fostered and sponsored by the Post Office Department through its Air Mail Service, and WHEREAS, the development of an air communications system unequalled in the world has played an important role in the economic and cultural advancement of our people and our nation, and WHEREAS, I believe that the citizens of Belle Glade are particularly interested in the continued development and growth of aviation as it benefits the people, the nation, and the world, and our relations with the peoples and nations of the world,

NOW THEREFORE I, N. D. Lloyd, Mayor of the City of Belle Glade, do hereby designate the week of May 15-21 as a period to observe the 150th Anniversary of the United States Air Mail Service, and do call upon the people to take cognizance of this week by taking part in events and activities commemorating the historic event, and by patronizing the Air Mail Service.

DONE at the City of Belle Glade, Florida this 30th day of April in the year of our Lord one thousand nine hundred and forty-eight and in the one hundred and seventy-third year of our American Independence.

WITNESS my hand and seal.

N. D. LLOYD, Mayor

## Officers Brickley Leaves Local Police Force

Officer Brickley, who has been off and on in the city service as an officer, and especially as the parking meter man, has been removed from Belle Glade and returned to his former home in Georgia, where he will do a bit of farming, and a lot of recreational testing.

He proved himself a good officer in his work, and his fellow policemen and citizens regret his leaving, but age and war time injuries, got a bit too much for him to stand.

T. T. Clark, former manager of Harry Lee's dress shop, a man experienced in war and FBI work, has been appointed by the Commission, as a police officer, upon recommendation and appointment of Mayor N. D. Lloyd.

## Future Farmers District Meeting Here On Saturday

The district committee meeting of the Future Farmers of America was held at the Belle Glade High school, on last Saturday, with around 40 members and guests present from the chapters at Ft. Pierce, Stuart, Okeechobee, Pahokee, Belle Glade, Clewiston, Moore Haven, Ft. Myers and from Broward and Dade counties.

Bob Davidson local chapter director and instructor, acted as chairman of the day, and stated that Frank Closs and Emmett Roberts of Belle Glade, and J. C. McBeth, of LaBelle, would be judges of the contest events and in their instrument playing, as well in their instrumental playing.

The band contest brought out musicians from Ft. Pierce and Ft. Myers, and the judges awarded the honor to the latter, as this trio was a bit more effective in their instrument playing, as well in their instrumental playing.

One act was discovered when it was found that a negro was standing near the voting booth, and surreptitiously passing out a marked ballot to the voters, before they entered the booth. Law officers broke this up, and invited the offending person to the outside.

When the time to close the polls, there were many lines at the hall, and these were permitted to vote before the machines were located for the inspection and count. It was well toward midnight before the books and paper work was completed by the election officers.

## Southern Agg Men Visit Experiment Station In Group

Words Of Praise Spoken For What They Found At Dr. Allison's Domain

Dr. R. V. Allison, and official staff of the Everglades Experiment station, on last Friday were hosts to a group of 50 directors and assistant directors from Experimental stations from 13 southern states, who are on tour of Florida. The group also included a number of department heads from the Federal Department of Agriculture, who are in charge of the touring caravan.

The group spent Friday morning in Clewiston as the guests of the United States Sugar Corporation, whose industrial plants, cane field and citrus ranches were visited and inspected.

Following dinner at Clewiston, the group went to the local station, where they were given every facility to see the farm and visit the fields, and to be supplied with pamphlets of what has been accomplished there during the past year, and also to inspect the new office building over the night. Dr. Allison presides, which they declared one of the best in any of the experimental stations in the southern states and many compliments were spread about it.

The party traveling in 20 or more private cars arrived at the station around three o'clock and spent the next two hours traveling in trucks to the various portions of the station farm. The party showed interest in the inspection of the experiment plots, and also had a word of praise for Dr. Allison's flock of cattle, both in the field and experimental feeding pens.

The party wondered what the flat level station had to offer. The new Grand Senior Warden, Mr. Horton, of Jacksonville, in the wild and swampy of the Glades, worked for the state in laying out and surveying many sections of land between West Palm Beach and what is now Belle Glade. Joe Cherry worked with him as a land bower on the canal and bower trucks.

The local list as released is as follows: Decia Blevins, Iva Burry, Loretta over, the son of Dick Dickson, Bonnie Eder, Genevieve Gove, Ruth Irvin, Mary E. Murphy, Mary A. Murphy, Lydia Murphy, Mildred Carr, Sara Pugh, Edith Langworthy, Leadbetter, Hazel Littlefield, Valeri Crowley, Lettie McGee, Kathleen Rogers, Messrs. Elmer Cochran, Bryant Carr, W. N. Cooke, J. R. Davidson, Charles Dixon, Roy Littlefield, G. W. McClure, Howard Payne, Oceola Camp, Evelyn Greenwood and Jean McCormick.

Some 75 enjoyed the pot luck supper which was served by the local organizations at 8 o'clock.

Past State Commander Charles A. Morris, assisted by the Lake Worth Post officers, and District Commander H. Herbert Evans, conducted the Post installation ceremonies in a most energetic and impressive manner. The new officers for the year are: Postmaster, W. A. Wooten; senior and junior commanders, Louis Kirchman and L. C. Young; quarter master, Fred Ogling; secretary, Fred Ogling; chaplain, E. C. May; judge advocate, Jack O. Johnson; surgeon, W. A. Wooten. Appointed officers will be named and installed later.

Department Commander Evans announced that the district meeting would be held in West Palm Beach on May 16th, and in mid-June, the State department encampments would be held in the same city, for which an elaborate program is being arranged for the four days.

When the time to close the polls, there were many lines at the hall, and these were permitted to vote before the machines were located for the inspection and count. It was well toward midnight before the books and paper work was completed by the election officers.

## Rotary Community Service Committee Makes Survey

Doc Dick Townsend, Chairman of Community Service Committee of the local Rotary Club has sent questionnaires to selected local Rotarians in which fifteen and more questions are asked on each subject with the idea of "creating a better understanding of our community and its needs."

Fifty four subjects were contacted, and others will be taken up at future meetings of the Club. Public Services has been taken up by George Taylor; Health by Dr. Buckner; Educational System by Nattie Taylor and Tourists Attractions by Silas Kirchman.

As these questionnaires deal with major problems that might be cooperatively taken up by local organizations they will be reported on and discussed in these columns.

## Florida Masons Report Record Membership Roll

Belle Glade Lodge No. 271, F. and A. M. had no degree work scheduled for 9 Tuesday night meeting, so the Master John Kirk, turned over the hour to the members of the lodge.

The order of present has near 40,000 members in Florida, in its 253 regular and two U.D. lodges, the highest on record. The year saw 4136 new members added with the new Grand Lodge, \$5,630 was made to the Endowment Fund and the Eastern Stars made contributions of \$1000.

Informal announcement was made that the official visit of the new district deputy grand master, Irvin Hegland, of Lake Worth, would be made to Belle Glade, on the night of June 22nd. The new Grand Senior Warden, Mr. Horton, of Jacksonville, in the wild and swampy of the Glades, worked for the state in laying out and surveying many sections of land between West Palm Beach and what is now Belle Glade. Joe Cherry worked with him as a land bower on the canal and bower trucks.

The local list as released is as follows: Decia Blevins, Iva Burry, Loretta over, the son of Dick Dickson, Bonnie Eder, Genevieve Gove, Ruth Irvin, Mary E. Murphy, Mary A. ## Season End Parties Enjoyed By Sugar Co. Employees

Barbecues Large Attended And Harvest Moon Dance A Big Social Affair

Florida's 1947-48 sugar cane harvest ended when the United States Sugar Corporation's huge Clewiston plant processed the last of 42,473 cars of sugar cane. Except for the usual clean up and repairs the plant will be closed until the next harvest season which will begin about the middle of October.

Statistics on the crop which started November 12, 1947 were not available but Sugar Corporation officials stated this year's production would be lower than former years because of the severe hurricane and resultant floods last fall, which damaged several thousand acres of sugar cane.

The big harvest end party at Bryant, the first to be held in several years, was staged for white employees in a part of (Continued on page 20)

## Election Echoes From Lake Region Counting

Three of Florida's Congressmen had no difficulty in getting another term in the House, as Rogers, Smather and Peterson won the election. The record set of liked the way they men performed for them. Peterson is now the dean of Florida congressmen.

Over in Glades County, Joe Peebles and H. G. Stewart will be in the race for Sheriff. Wiggins and C. S. Presley are also in a runoff; while Vernon Walters depends on the outcome of the school superintendency. Over in Okeechobee County, Clark Waulker, youngest member of the Board of County Commissioners, will be elected to that office in that county, won the Clerk of Court race.

Bill Madox will continue to do the sheriff work over in Hendry County, and C. E. Minor, of Clewiston, was returned to the Board of County Commissioners.

## Crew Trimming Trees

A crew of workmen is now busy trimming the pine trees along the Palm Beach highway to the east. Tops are being cut and hanging limbs removed.

## Pioneer Pahokee People Celebrate Golden Wedding

An installation of officers will be conducted at the meeting of the Parent Teacher Association Monday night at the high school auditorium, in "Evaluating Accomplishments" will be the subject of the program.

The interest of Glades people in the race for Sheriff is clearly indicated in the voting figures. The race was held while his three opponents were gathering 897.

If 376 voters had pulled John's lever instead of his opponents, he'd be Sheriff without a run-off. Maybe John can garner that vote by the time he who voted for the two candidates who were left out.

Our band went to the district meet and came away right smacking on the bottom of the ratings because of lack of interest in the business hours of the night. The band was in some of uniform, the committee didn't like it, and did something about it.

First Doc Bue for the Slick Kirchman headed a Committee of Rotarians who sponsored the appearance of the Nerton Gallery Club at the local High School Auditorium.

## Two Young Veterans Eliminate Old And Experienced Office Holders From Race In County And State

McCarthy And Warren In The County With Close Race Throughout State

Two veterans came in at the head of the list as a result of Tuesday's voting, and one, McCarthy, dumped the apparition in the largest vote ever cast in the State. Saving well back three wheel horses of former days in legislative and administrative branches of our State government.

The valuable Fuller and the crucial L.H. waved the flag effectively before one returned geezy who became accustomed to seeing youngsters in high places in the recent war.

South Florida has a chance to have a Governor, as does North Florida, and the Goyee a fellow service man. From up in North Florida where politics, women and religion are the source of all effort, with successful experience as a background politically, comes Fuller, and it'll be interesting to see the outcome of the maneuvers to retain to North Florida the high office of Governor.

Ray ended up in the new bridge with 2464 and Watson fourth with 1542. Dan won the Glades over English slightly. Somebody else, Pahokee man, got the million fence started for the second round.

It'll be interesting to watch the youngsters to see if the first election enthusiasm will last through the second.

With the Sheriff, Constable, Justice of Peace races locally to help build up steam, we may see some realpolitik in the Glades.

Whitlock Must Run Against Prescott In The Incident, Ray Whitlock must eliminate Buford Prescott to retain his job as Constable in this district.

Ray ended up in the new bridge with 2464 and Watson fourth with 1542. Dan won the Glades over English slightly. Somebody else, Pahokee man, got the million fence started for the second round.

## Schools Feature Excellent Watermelon Crop Bought At Memorial Field By Miami Broker

At Memorial Athletic Field, This Friday Night, May 7th, Starting At 5:30 o'clock, the Belle Glade P.T.A., assisted by the school faculty members, will stage the annual May Day Festival celebration, to which the entire population of Belle Glade is cordially invited.

The program calls for many interesting features that will represent some country in the United Nations, the various groups being costumed in the native dress of their nation, and each will give one of the folk dances or songs. All will parade with the national flags.

A May Day parade will be conducted at the meeting of the Parent Teacher Association Monday night at the high school auditorium, in "Evaluating Accomplishments" will be the subject of the program.

The interest of Glades people in the race for Sheriff is clearly indicated in the voting figures. The race was held while his three opponents were gathering 897.

## Observation And Comment

By John M. Gladhill

When one travels any distance by highway, one usually sees many things that are of interest. Driving from Belle Glade to Leesburg, I never saw a new bridge over the lake, built at the cost of more than a quarter of a million dollars, is now completed and the approaches and bridge are open for public traffic, although the old narrow bridge is still in auxiliary use. It is a fine construction job.

From Orlando to Leesburg is indeed a beautiful drive, thru the industrial, farming and lake infested section. Around Zellwood in the lake Gem sector the business hours of the night. The band was in some of uniform, the committee didn't like it, and did something about it.

## Social Happenings

Mrs. R. M. Hendry, Sr., is and Mrs. G. Allen O'Neal and receiving medical treatment at a West Palm Beach hospital.

Mr. and Mrs. Francis Harris had as their recent guests, Mr.

birthday had as their dinner guests, Mrs. Inez Neilson and Mr. and Mrs. Walter Robertson.

Mrs. Nash Lloyd is a patient at the Good Samaritan Hospital in West Palm Beach.

Red Ines visited his cousin, Ted Wenland, at Bay Pines Hospital last Sunday.

Mrs. Josephine Farmer who has been a patient at the Good Samaritan Hospital for several weeks following a fall, has returned to her home here.

Mrs. Alex Barnes of Hollywood, California, is the guest of Mr. and Mrs. Harry Barnes.

### HAMBURGER FRY AT MORALE'S HOME

Mr. and Mrs. Henry Morales entertained a group of friends at their home Saturday evening with a hamburger fry on the lawn, in celebration of his birthday.

Attending were Mr. and Mrs. Paul Bearden, Mr. and Mrs. Herman Sasser, Mr. and Mrs. Frank Dooley, Mr. and Mrs. Tom Lloyd, Mr. and Mrs. A. Coppersmith, Jr., Charles Lane, Conky Crews, Wilbur Kirkman, Miss Betty Roberts, Connie Bowen, Miss Mary Grace Denton, Labron Williams, Miss Katherine Coon of Miami, Mrs. Dorothea Jones, and Z. T. Ingram.

### W. S. C. S. CONDUCT INTERESTING MEETING

A report on the U. C. C. W. has given by Mrs. John Gledhill, who attended the sessions held in Winter Haven on April 23 and 24, before the meeting of the Women's Society of Christian Service Wednesday.

During the business meeting which was presided over by Mrs. N. T. Taylor, it was voted to send a cash donation to the American Bible Society to aid in a fund for publishing Bibles to replace those damaged in the war.

An announcement was made that the meeting of May 12 would be in the form of a covered dish luncheon and held at the church at 12:30.

Mrs. Taylor and Mrs. H. D. Beck gave reports on the conference recently held in West Palm Beach.

Hostesses for the afternoon were Mrs. W. R. Hooker, Mrs. Carl Ogilvie, and Mrs. Ivan Van Horn.

### DAVIDSON HAVE ANNIVERSARY PARTY

Mr. and Mrs. Paul Davidson entertained Friday evening with an ice cream party in celebration of their 14th wedding anniversary.

Guests attending were Mr. and Mrs. Albert Snyder of Pahokee, Mr. and Mrs. Grady Davidson and son, Earl, of Canal Point, Mr. and Mrs. John Schoenfeld, Mrs. Zella Hoke, Paul Jr., and Martha Faye Davidson.

### MRS. N. N. STARLING HAS BRIDGE LUNCHEON

The Clewiston link was the scene of a lovely bridge luncheon given by Mrs. N. N. Starling on Wednesday for a large group of her friends.

The dining room was beautifully decorated with an arrangement of spring flowers, and each guest was presented with a corsage of rose buds, gardenias, and asters. Mrs. S. K. Smith, Sr., and Mrs. O. G. McWhorter assisted the hostess with the flowers.

Games of bridge and rummy were enjoyed with score prizes won by Mrs. McWhorter. Mrs. Jack Thorne, Mrs. Earl Lindrose, Mrs. Roy Bair, and Mrs. Joe Murphy.

### HENDRY COUNTY

(Continued from page 1)

fall corn crops. Hot weather is bringing corn on fast, a bit more than liked, but as demand is good the entire crop will likely be harvestable.

While the exodus of farm labor to the north has not gotten into sizeable proportions yet, quite a few have sought those climates in their own cars or in three crew trucks.

On Tuesday U. S. Employment agency officials were in Tampa, Fla., and arranged for their destinations, number of employees to be taken along. Around 100 crewmen.

### REWARD

Your Child for Good School Work. Buy Him a New BICYCLE.

Lowest Prices in the City

Schneider's TOY SHOP

W. Palm Beach, Fla.

Jerry Barry, eighth grade student, who is the winner of the local spelling contest, represented the Belle Glade Elementary School in the County contest held in West Palm Beach on April 17. Jerry is the son of Mr. and Mrs. Milton Barry of this city.

were interviewed here, and were fixed up for labor movements. Labor will not leave the Glades until crops are ripe at the other end. The most of the movement will start from May 15-20, when most of heavy cropping here will be practically over.

Richmond, Virginia, has in the past, not been too good a market for Glades produce, but with the establishing of a fine new water front produce clearing dock and house, the coming season is most likely to be getting more and more of our commodities. The new proposed New York dock market is expected also to be beneficial to our state growers.

As producers and packers of vegetables from the Glades area check up the season's returns so far, they find that returns have been very satisfactory, and that the financial returns will be that the season financing problems can be met, and some profit money left over.

As a whole volume of produce has been abundant enough to supply most of the demand. String beans have been the surprise, for prices have been uniformly good. Celery has been the sick child in the vegetable family, as the demand and price have been very fluctuating and uncertain. A little better outlook is likely for the balance of the season.

The cabbage men, who at one time had a downy face, for the crop was not hardly worth cutting at prices prevailing. This picture suddenly changed, and what looked like a near loss, turned into a real bonanza. Leaf and root crops held steady most of the season.

What potatoes were grown, yielded well and a good quality of potato, but there was no crowding of the market with our crop, owing to the decreased acreage.

Last year when the celery men of the Glades wanted to get a bill through for acreage control, the Sanford growers, earned us down but now they have changed heart after their season's experience, and want to enter into such an agreement with the Glades growers for next year. This is a move to be studied and decided at a later date in the summer.

Report is made and anticipated that the late celery deal will be more conducive to profits than was the early celery sale.

Western growers of fruits and produce are not a bit pleased over the new high "cuff" rates they are compelled to move their goods to the eastern markets. They have long enjoyed a favorable traffic situation, and now they are getting the same medicine "that the Florida growers have been paying for years."

### NATIONAL AIR MAIL WEEK OF MAY 15 TO 22

Paul Aiken, second assistant Postmaster General of the Federal mail service, has notified Postmaster George Farnall, that during the week of May 15-22, the Department and all post offices in the domestic service, will celebrate the 30th anniversary of the founding of Airmail Service, and asks that citizens make a special event of the week. No one appreciates what our mail service means, until something cuts off the service.

Airmail was established in 1918, when the entire route was 210 miles and on January 1, 1948, it had reached 125,000 miles. Plans in 1918 traveled in service 82,841 miles, in 1947, 314,965 miles. American flyers, outside of domestic service, now do delivery in 75 foreign countries, covering 120,000 miles territory. The air

mail revenue in 1947 was \$486,750.

Air mail rates are 5 cents within American domestic areas. Air mail patronage has grown with leaps and bounds and plays a great part in the business circles of our own and other countries. Mail is carried by independent companies on contract with the Post Office Department. These carriers in 1947 carried 24,465,028 tons of mail matter, consisting of 772,185,081 pieces.

### Office Training Conference May 12

Members of the Reserve Officer's Association of Belle Glade have been notified that Col. R. B. Jones will hold a conference with the local unit, consisting of officers and enlisted men, on the evening of May 12th. This conference is

to secure data as to whom and what period of time each man can give to the new national training course, based on a total hour program. Bill Womack is calling on all eligible men not to miss this important conference.

### CANNING CENTER OPEN TO PUBLIC

The Home Demonstration Club is sponsoring a canning center at the Osceola Camp in which anyone may take part under the guidance of a trained supervisor.

There are three different plans set up so as to meet the needs of everyone, and reservations must be made well in advance, to insure space and assistance from Mrs. Lassaier. Phone 91 for your reservation date.

## Trade At Home

### Build A Better Belle Glade

For the past two years we have endeavored to bring the highest quality, nationally advertised merchandise to the people of Belle Glade. Our customers are enjoying the benefits of this kind of service. We intend to continue to make available, at popular prices, the very finest in drug store merchandise. Only through such diligent application will we continue to grow into a modern trading area. Time will not wait on us, we must stay ahead of the times, anticipating a future growth and prosperity for Belle Glade.

Only through the participation of the people of Belle Glade will such a growth be possible. More and more, the people of this area will have to "TRADE AT HOME" and help this community to take its rightful place in the forefront of this trading area.

WE DEDICATE OUR SERVICES TO THIS COMMUNITY

**OBSERVATIONS**  
(Continued From Page 1)  
ing addicts to throw their baits Mt. Dora for location and scenery can't be beat in natural beauty, with its "Hills and Lakes".

The show window of stores over entire Palm Beach county, are going to look pretty bare, when all those political candidate pictures are extract-

ed. Some windows sure will have to be washed and polished up to get rid of the debris.

Personally am regretful to learn of the critical illness of my former employer and friend, Col. A. S. Bussey, editor of the Palm Beach Sun, the oldest newspaper of the county. Bussey some years ago was the lessee of the old Barfield Pahokee News, and issued a very newsworthy and had a great interest in the Glades development.

When visitors come to Belle Glade they usually ask what have you got here? Well I stopped and sort of checked up and tell them. We have good high and elementary schools, in churches we have the main denominations of Methodists, Baptists, Presbyterians, Science church, and several of the smaller churches in a lodge way we have Masons, Eastern Stars, Rainbow Girls, DeMolays, Rebekahs and Odd Fellows. Elks, American Legion, Veterans of Foreign Wars, and their Auxiliaries, fine department and individually owned stores, most all types of professional men; the State prison, the Experimental station, a mammoth packing house, center, excellent banks, laundries, efficient police and fire departments, a rich and productive farming area, railroad and truck line, all of which goes up to constitute the second city of the county in population, and a mighty good place to reside.

Birthday, and so on, so on. May day, the "old Judge" registered his 75 natal day. Long time since he made his debut on the banks of the Ohio river at Georgetown, Pa., but those years have been active and happy ones. Am just hoping that conditions and health may spare me for a few more years in activities of the world.

At Mount Dora, Walter T. Strake resides with his family, in a cozy home on the outskirts of the town, some six miles away from the Duda celery farm at Lake Gem, of

which he is the farm manager. Walter is setting pretty in his new farm job, while the "Missus" presides in one of the elementary schools, learning the young idea how to shoot. Dianne appears to have fully recovered from her polio affliction, and young Jerry is busy being a Boy Scout, at which he works assiduously. Walter took me down to the Lions club, and say, is that club a lively one! More fun there in one night than in our Belle Glade club in a month. Mrs. T. Strake has a poultry yard, and each week she takes in many baskets of eggs to the local market, large rich meat, and is very delicious to the appetite taste.

Pete Demora, appearing before the city commission on business, took occasion to speak his own and company appreciation of the fire department in putting out a threatening grass fire at its Belle Glade pusher station, which had gotten out of supervised control.

There is an iron rail in front of the station of Police Magistrate Lloyd. As if drawn by a magnet, the negroes brought into court, grab for that rail, possible to draw themselves from excitement or fear. A sharp warning comes from the Chief of Police, and offenders then must stand on their own footing and face the music.

A well known residing in the south section of the city recently returned to her home, and dropped her purse on the bed. Called out of the house for a moment, when she came back she found purse and contents among the cushions. She is now wondering where the purse went and who got it, with its valuable money content.

When the waters of Lake Okeechobee began to recede, they did so as unexpected and unprecedented manner and rate, and soon those valuable farms lands could be pumped and the ground prepared for late spring crops. These lands are among the most valuable and productive in the Glades, and to see them abandoned or neglected from by protection, by non-action of the Federal authorities, would be worse than a sin and a shame. Farmers spent thousands of dollars of their own to improve these lands and to see their investments swept away by political machination would sure be a sorry action.

Have you studied up on the proposed school bond on the proposed school bond proposition, and learned what an endorsement of the proposed \$3,500,000 bond issue would mean and bring to the area? Near a million dollars worth of school buildings and improvements, without a raise in taxes. Have you made up your mind that a vote for the proposition would be a wise one? The opportunity is here to vote on a proposition which means not only added building and equipment, but also better opportunity for educational facilities for your children during the years to come.

The section around Lake Placid up in Highlands county, has become the lily growing section of Florida. There are large and small growers, but the land seems right for that type of floriculture. Millions of blooms were harvested for Easter season, and later the valuable bulbs will be dug, cured and placed in the seed markets. The Creole lily is the type largest grown, but other varieties are obtainable. Bulbs from the bottom size, up to the large selects, bring a high market price. Thus does industry and ingenuity of man bring wealth out of the black muck soil, as we do down here in the Glades with our ramie, and etc.

When the United States Sugar company signed its new contract with its industrial group employees, it meant an additional cost of near a quarter of a million of dollars to the company. To reach an agreement took long hours of negotiations, but when a decision was finally reached, the contending parties shook hands and departed with a pleased smile of satisfaction.

I have been in some mighty fine lodge halls in my day, but never ran across one as beautiful in all its appointments as the Elks lodge at West Palm Beach. It is marvelous in arrangement, architecture, decorations, spaciousness and station equipment.

Tightness of the money market and supply has been the

cause that the Belle Glade swimming pool project has been under wraps. When money was scarce as it seemed to be with many people, it was no time to go out and promote subscriptions or raise funds for this project, no matter how important it may be to the city's entertainment for the citizens.

The big league baseball season for 1948 is on all over the country and Canada, and again there is heard the merry crack of the ball against the wood, the yelling of the fans, and the boom of the umpires. Opening game attendances were encouraging and financially large at the League parks. There is possibly no official in sports that is so much berated by fans as the umpire and they have to be tough hided to stand all that is handed them, including occasional pop bottles. These men lead a peculiar life during the season, as they are not permitted to travel, mingle or stay at the same hotel where the teams are present. They are seclusive men under order of League officials. Usually they are high type men and able arbitrators in their field, or they would not be employed. They are the dignity of the game, and see that games are orderly.

Your Continued Vote and Support In the  
Run-Off Will Be Appreciated

## President Of Local PTA Presents Story On Bond Issue

Mrs. Martha Freeman, the mother of a boy in school, and the President of the Belle Glade PTA, expresses her opinion on the forthcoming School Bond issue, as follows:

"The theme of the year of the Belle Glade PTA is 'Better Homes and Better Schools, means Better Citizens.' We feel that nothing is as important in making a thriving city as energetic, progressive, right thinking and co-operative citizens. Belle Glade has a goodly share of these and the type of future citizens are now being moulded in the schools."

"We cannot do a good job with overcrowded conditions, exposed by the recent state wide school survey. Seven of the thirteen class rooms in the Elementary school are below standard. The pupil load exceeds capacity in standard space, by 100 pupils. We are not getting our money's worth for the amount we spend in taxes, as the teacher cannot give his or her full value under the present overcrowded conditions. Your children and your future citizens are being cheated."

"Because of the work of the Citizens' Committee on Education, appointed by Governor Caldwell, certain laws were passed in Tallahassee, setting up an Educational Foundation Fund for building purposes. This to be distributed among the counties according to the

number of teachers employed. In order to receive this fund, the county must provide a fund, which amounts to \$100 per teacher."

"Palm Beach County already provides this amount for its building fund purposes, and so is eligible for support from the Foundation Fund, without an increase in taxes. The county now produces \$61,678 annually. The State fund will provide \$185,024 annually, a total of \$246,712 available for the building of Buildings in the county."

"The School Board can use this and build a little here and there where most needed, or, by using freeholder assistance, vote a bond issue, for approximately \$3,750,000, and build all schools needed, over the county, and retire the bonds out of its present income."

"If the first plan is used we will keep on with makeshift class rooms, for another 15 years or more when the present children are grown. If we use the second plan we will get new schools now and be using them while paying for them, just as we borrow money for the building of a home, and pay for it out of our income while living in it. That is good business."

"Let's get every freeholder out to vote for the Bond Issue on May 18. We have built better home, now let us better our schools and we will have better citizens."

### AUXILIARY OF VFW

Continued from page 1  
day convention.

The Post has long desired the establishment of an Auxiliary, as an aid in its work, and as a result of earnest work, the past month, a sufficient membership was secured to permit the instituting of such an organization with 16 members, with others to join before the present open charter is closed.

Mrs. Nannette W. Lawrey, of Vero Beach, district president, was present to conduct the instituting work, and Mrs. Henry Weisenburger, of West Palm Beach, past district president, was in charge of the installing of the Auxiliary officers, as follows: President, Edith Kirchman; vice-presidents, Catherine Williams and Lois Davis; treasurer, Rose Robinson; secretary, Rose Robinson; Officer conductor, Catherine Ashley; guardian, Dorothy Kirkland; trustees for three, two and one year, Dorothy McMullen, Dorothy Kessie and Kathleen Mapp; chaplain, Monnie Eldredge; musician, Clara M. Gledhill. The new Auxiliary will have meetings on the second and fourth Tuesday night of the month at the Legion Hall.

### "Shorty" Drags To Head Lions Club The Coming Year

The general election was not the only one that was of interest in Belle Glade this week, for on Wednesday, after a hot and hectic race between H. V. Drax and "Shorty" Burr as to who should be the losing candidate, the Burr campaign managers, were successful in shifting responsibility on the Wedgeworth accountant.

The other officers elected were: Vice-presidents, Herman Close and Randall Dickenson; secretary, R. E. Horard; treasurer, Ed Lively; lion tamer, Francis Harris; tailwister, Ralph Kirk; trustee for two years, W. P. Risk; for one year, tie between Ivan Van Horn and Bill Young.

The Lions state convention is to be held in St. Augustine next week and the club is entitled to be represented by seven delegates. R. E. Horard will be the club's representative at the National convention in New York in July.

President Emmett Roberts stated that the ladies night and installation would be held in June, date to be announced later. He also made a plea for all men to get out and vote on the school bond election on May 18th, for 5 percent of the freeholders in the county must endorse the bond project.

### Churches Will Have Special Mother's Day Services

Next Sunday is National Mother's day, and in custom with other churches over the land, Rev. L. T. Vandewater of the Community Methodist church, has arranged a special program for the morning Bible school and church hour, and he will present a sermon which will be appropriate for the hour and occasion.

Special recognition will be given the oldest mother present, the youngest mother in years present, and the mother having the most literal descendants present with her. The church choir will also render several special musical selections.

At the First Baptist church special ceremonies will be observed and Dr. Enlow, the pastor, will have his message of the day, and the choir its musical program.

The Presbyterians of the Everglades church also plan a program in recognition of the day, in the evening.

### Dania Defeats Rams On Errors

Our Golden Ram baseball team has not been too often in the win column, this season, which is coming to a close. The team traveled to Hollywood last Friday where they met up with South Broward

Dania. Erratic fielding was the cause of the 10 to 8 defeat. Cochran's lads outbatted the Dania boys, who gathered only two hits off Williams and Farmer. McDonald drove in the Rams two runs on a home run drive. St. Ann's Academy team of West Palm Beach was the opponent of the Rams here on Wednesday afternoon.

### Meat Slicing Machine Injury

Ray Wilkinson of the Quality Market on West Avenue E, on Friday, while sharpening a meat cutter, had the fingers of his right hand badly injured. The middle finger tip was amputated and the second finger badly mangled.

## Many Thanks To My Supporters

While not a winning candidate for the Constableness of District No. 8, at the primaries, yet I am most appreciative of the support which I did receive, and take this means of thanking all my supporting friends.

Carl Hayes

## My Friends In The Glades

I want to thank you for your splendid vote which has returned me to the office of your County Judge.. My pledge to you is that I will continue to serve you as I have in the past by remaining courteous, dignified and completely impartial to those who come before me.

Richard P. Robbins

Sincere thanks to the voters of the Glades

section who re-elected me as your Port Commissioner, sub-district 2, group 1.

I will continue to serve you to the best of my ability.

L. R. Bishop

"To My Loyal Friends  
Throughout Florida"

## My Sincere Thanks - - -

"Your devoted and spirited support has enabled me to win a place in the second primary. With new supporters from all sides and with your continued help and that of your friends and neighbors we will win the nomination in the second primary."

N. W. Fifth St. Belle Glade, Fla.

## Floyd Byrnes Pahokee Negro Drowns in Canal On Rt. 80

Another fatal drowning accident occurred early Saturday morning, several miles west of Twenty Mile bend, in which Floyd Byrnes, colored, of Pahokee, lost his life. According to Road Patrolman Joe Cook, who made the investigation and planned the recovery of the car and body, Byrnes was driving westward, and side-swiped an east bound car driven by Lynn Caldwell, of Bean City. The contact threw the Byrnes car off the road and into the canal. A wrecking truck was called and the car was pulled from the canal, but without the body of Byrnes. Vernon Prevatt, local driver, was summoned and located the body of Byrnes a short distance from the scene of the plunge. Patrolman Cook and Kaufman deemed no inquest necessary and placed the death as an unavoidable accident.

According to Caldwell, as he neared the Byrnes car, he was weaving back and forward across

the traffic lines and road, and that he did his best to evade the collision. Officers were inclined to believe that Byrnes was rather ill than intoxicated.

## PIONEER PAHOKEE

Continued From Page One  
football fan, along with "Uncle Tom" Campbell, the pair seldom missing a home game. Mrs. Lair, in her womanly part in social and church work, and her home was always an open door one. Surrounding her home are always found luscious flower beds, the blooms from which, in some manner, usually reach the home of a friend, a sick person or the church. A most gracious woman to whom the entire community is glad to pay high honor.

## CHIEF WILL

(Continued From Page 1)

as first class fireman. That all grade of firemen be under directive education, and subject to examinations for promotions. Assistant Chief Bair, in behalf of his chief, asked the Commission, if they knew what the Chief was paid for his supervision, training of firemen and response to fire calls. No one knew, so Bob stated it was \$3, the same that the rawest rookie drew. He suggested that the revised salary be adjudicated in such a manner that the Chief be recompensed commensurate for the duties he performed. The commissioners expressed opinion of favorable action on this recommendation.

## Shorty Mock Slowly Recovering in WPB

Constable Ray Whitlock reports that "Shorty" Mock, is able to sit up in a wheel chair and seemingly is getting along as well as could be expected. Unless there are complications, it is hoped that Shorty will be seen around Belle Glade soon.

## SOUTHERN "AGG" MEN

(Continued From Page 1)  
main office was to be used for, and of course were given the story of the proposed Agricultural exhibition project, which was highly commended. Dr. Allison and station department heads were most pleased to have had the opportunity of welcoming and entertaining so noted a company of men high in Agricultural work, the largest group of national and state department, that has ever visited the station at one time.

The party motored from Belle Glade to Ft. Lauderdale where they spent the night and from there went on to Miami and Homestead to visit experimental stations there.

The representatives composing the group and the departments, they represent are as follows:

Agricultural Research Administration, Dr. B. W. Shaw, Assistant Research Administrator.

Bureau of Agricultural Economics, Dr. P. F. Elliott, Associate Chief and Mrs. Elliott. Bureau of Dairy Industry, Dr. O. E. Reed, Chief and Mrs. Reed.

Bureau of Human Nutrition and Home Economics, Dr. Hazel K. Stiebeling, Chief. Bureau of Entomology and Plant Quarantine, Dr. P. N. Annand, Chief and Dr. Herbert Spencer, St. Lucie Laboratory. Bureau of Plant Industry, Soils & Agricultural Engineering, Dr. Robert H. Salter, Chief and Mrs. Salter.

Bureau of Animal Industry, Dr. Hugh C. McPhee, Assistant Chief.

Office of Experiment Stations, Dr. F. D. Fromme, Principal Administrator. Bureau of Agricultural & Industrial Chemistry, Dr. L. B. Howard, Chief.

Southern Regional Laboratory, New Orleans, Dr. W. M. Scott, Director and Mrs. Scott. Eastern Regional Laboratory, Philadelphia, Dr. F. A. Wells, Director.

Research & Marketing Act, Dr. Cyril O. Bratley, Assistant Administrator.

Representatives from Southern States Agricultural Experiment Stations are as follows: Alabama—Dr. M. J. Funchess, Director and Mrs. Funchess.

Arkansas—Dr. R. S. Ellis, Director, Dr. H. P. Bartholomew, Associate Director and Mrs. Bartholomew.

Georgia—Dr. H. P. Stuckey, Director and Dr. W. T. Fullilove.

Kentucky—Dr. T. P. Cooper, Director.

Louisiana—Dr. W. G. Taggart, Director and Mrs. Taggart, Dr. I. L. Forbes, Assistant Director and Mrs. Forbes.

Mississippi—Dr. Russell Cole-

man, Director and Mrs. Coleman, Dr. F. J. Welch, Assistant Director and Mrs. Welch. North Carolina—Dr. J. H. Hilton, Director and Mrs. Hilton.

Oklahoma—Dr. W. L. Blizard, Director and Dr. L. E. Hawkins, Vice Director.

South Carolina—Dr. H. P. Cooper, Director, Dr. R. A. McGinty, Vice Director and Mrs. McGinty.

Tennessee—Dr. F. S. Chance, Vice Director.

Texas—Dr. R. D. Lewis, Director.

Virginia—Dr. H. N. Young, Director and Mrs. Young.

Puerto Rico—Dr. Arturo Roque, Director.

Torrida—Mr. Harold Mowry, Director and Mrs. Mowry.

W. M. Fife, Assistant Director. Administration and Mrs. Fife, Dr. L. O. Gratz, Assistant Director - Research.

University of Florida—Dr. John S. Allen, Vice President and Mrs. Allen.

Agricultural Extension Service—Director H. G. Clayton, Station and Extension Editor J. Francis Cooper.

State Plant Board—Plant Commissioner Arthur C. Brown.

## CITY COMMISSION

(Continued From Page One)

reviewed. The Commission passed ordinances relating to plat improvements, specifications, and the use of galvanized sheeting in building construction work. Approved the transfer of a liquor license from Nick Jones to David Albach, of Lake Worth, for the former's stand on Avenue A, which the latter is purchasing.

Sharp and Palm, were given a permit to operate a portable skating rink for 30 days to be located on Bill Pierce property, no Sunday night operation. The rink is to be moved from Stuart.

Permit given an Evangelist to erect a tent out on West Avenue E for a limited period, but meetings to close not later than 11 o'clock.

Agreed that the Belle Glade Housing Authority, hauling its own garbage from Camps Osceola and Okeechobee, could use the dump grounds for disposal of garbage, at \$75 a quarter. Approved monthly fee for persons outside the city who desired dumping privileges.

Insurance agencies made report to commission, as previously asked by Commission. Additional information was requested, before an all coverage of city property was agreed upon.

A brief airing on the parking meter deal, showed indications that soon the meters and the "red tickets" might be soon things of the past in Belle Glade. The scene seems to be set for the exit.

## NEW INSPECTOR

(Continued From Page 1)  
the state, county and city, so that same will not come in for later costly changes.

This section now has three state inspectors working in

this area, along with the new county inspector, and the city inspector, each having a specified division of work in charge, and each have powers to condemn or reject faulty construction, or changes in their lines of work.

The past two weeks many small repair projects have been approved by the Building Inspector.

The Gold-Dobrow Theater Enterprises have taken out a \$6,000 permit for the remodeling of the Ace theater over on Fifth street, in the way of a new foundation, piling, and cement block walls, and a little later a new floor and roof will be added. As all these steps are taken so in time the theater will be constructed to meet all department requirements.

## Methodist Minister To Retire

Dr. D. T. Rutter, who several years ago succeeded Rev. L. F. Vanderwater, as the pastor of the church at Melbourne, has announced that he will take a retired relation at the coming session of the Florida conference in Miami in June. Dr. Rutter retires after serving 47 years in the ministry, and becomes a supernumerary under the church law of 70 years of age.

## LEGAL NOTICES

IN THE COUNTY JUDICIAL COURT, COUNTY OF PALM BEACH, FLORIDA. FILE NO. 7427. IN RE ESTATE OF HERBERT LORIE MARLOWE, Jr., deceased. BELLE GLADE, FLA.

Congratulations...

to Belle Glade for the splendid vote cast. You did your duty in the way it should have been done, and to those who voted for Fuller Warren for Governor, we his friends sincerely thank you. As you know, he is in the runoff on May 25, and to those of you who voted for candidates who were eliminated, we sincerely and respectfully solicit your vote and support for Fuller in the RUN-OFF.

Paid for by Friends of Fuller Warren For Governor.

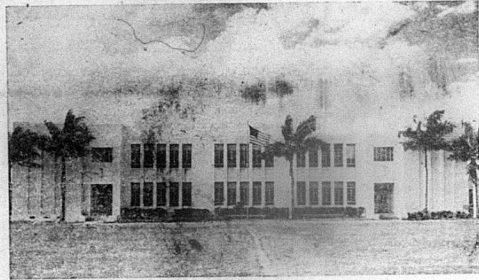

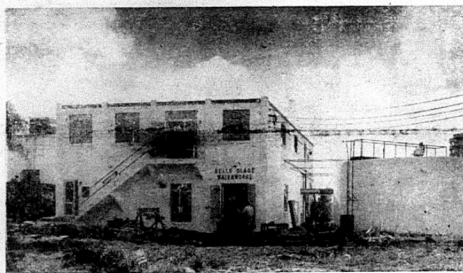

"Back Yonder" life around the community of Belle Glade centered around the general store and post office. Transportation was by "shanks mare"

or boat; communication was by "tele-woman" across the canal. This first store served its purpose, being at the junction of the two main highways—Hillsboro and New River Canal.

To-day its different—and how different! The kids—and there weren't many—got what Pa and Ma knewed in between fishins or pickins.

The Belle Glade school, shown above, is modern, but not so modern nor spacious as the new HIGH SCHOOL, to be built from the proceeds of the bond issue to be voted on May 18th. We're getting along in the world.

The water works for our pioneers, there was no use for it no taxes, no sanitation,

rainwater tanks added later. Glade, Pahokee and South Bay. Its quality is not equaled in community can boast of the many places, and is not exceeded bountiful water supply of Belle Glade anywhere in South Florida.

City Hall was unknown to our pioneers, there was no use for it no taxes, no sanitation,

PROCLAMATION WHEREAS, the City of Belle Glade became an organized community in 1933, at which time said town was not much more than a small hamlet;

WHEREAS, the City of Belle Glade, at the present time, has a population of around 12,000 and WHEREAS, the continued growth of the City is dependent upon the merchants and general public working together for the best interest of said City, and WHEREAS, the merchants of said City of Belle Glade have always cooperated wholeheartedly with all projects requiring the assistance of the merchants,

no streets, no prisoners, TO-DAY, its different. A modern City Hall with all the trimmings, including politics.

Truly this is a growing town. The week beginning April 25th - 1948 as "TRADE AT HOME WEEK" and I respectfully urge and request that all citizens of Belle Glade, during said week, make it a point to visit the various

shops and stores in Belle Glade and to give said stores the benefit of their patronage. DONE AND ORDERED at Belle Glade, Florida, on this 1st day of May, A. D. 1948. WITNESS my hand and seal. N. D. LLOYD, as Mayor.

community as indicated by our public buildings; our merchants are growing with the community and as a part of it. THEY'RE KEEPING PACE!

shops and stores in Belle Glade and to give said stores the benefit of their patronage. DONE AND ORDERED at Belle Glade, Florida, on this 1st day of May, A. D. 1948. WITNESS my hand and seal. N. D. LLOYD, as Mayor.

Frank Currier in El Paso The Herald received a letter recently from Frank Currier, who is now residing in El Paso, Texas, and wanted to subscribe to the paper. He expressed thanks for the complimentary copies mailed to him regularly while he was in the Army, and sent best wishes to his many friends here in the Glades.

## P.T.A. Promoting Fashion Show In Cooperation With Merchants "Trade At Home Week"

### Local Lodge Of Elks Lead State In New Membership Gains

The Benevolent Order of Elks has as one of its cardinal principals that of Charity, and from the lodges of the order, vast sums of money are expended each year in donations for charitable work. Frank O'Connell, a director of the Harry-Anna Crippled Children's home at Umatilla, and now vice-president of the Florida Elks Association, Inc., told the local lodge members at the lodge session, Monday night, that in excess of \$70,000 had been contributed to the work of that home by Florida lodges during the past year, and a total of \$101,000 for all charitable purposes. The best clause of the lodge session, Monday night, in behalf of the Home, the local lodge was given a handsome bouquet and illustrated booklet, setting forth the work

use of its auditorium, which proffer was accepted. On this occasion, the Rainbow Girls in goodly number attended the church service, and as this group has strong affinity for the DeMolay chapter boys, they also attended unofficially.

Rev. Herman Dam, the pastor, presented an excellent sermon, which had application to the lives of the youth. The church choir also presented musical selections.

### Single Cake Nets

O. E. S. Large Profit One hundred dollars was received by the Order of Eastern Star for one cake as a grand climax to their bake sale held Saturday. One cake which was baked by Mrs. F. H. Stein, was left on their table at the end of the morning, so the ladies rescue came Harold Rabin who carried this cake to his packing house platform and conducted an auction. The cake was bought five times and given back to the Eastern Star

## Shapely Models To Display "New Look" Frocks From Local Merchants' Stocks

Public To Be Educated As To Just What Is Offered In Local Stores.

After the disorganized source of supply of local merchants prevailing during the war, something is being done in order to get a well balanced stock of merchandise, and also to make the public acquainted with that stock. Affluence of war years brought about a recklessness in buying that took local purchasers to other Florida cities where a space of entertainment or social activity could be combined with shopping. Now, when energy must be put out to get that long-since, the public is more discerning in spending it.

Then too, the growth of the community, held back to some extent by uncertainty of building, has been so great that modernization of the retail organizations could not go ahead. Believing that home folks of the Glades—and Belle Glade in particular — will practice loyalty to local merchants, The Fashion Show and TRADE AT HOME WEEK has been instituted to show local folks just what their home-owned stores are offering.

There's a far cry from the first store at Rabbit Island pictured on this page, or the general store at Oklawaha, where it is reported anything from a spoon of tractor, Dr. Carter's pills or a thread could be bought.

An excellent demonstration of the interest of local merchants in home activities is the number of them who donated for the local High School Band — \$50 gave about \$200 to make our band on a par with other communities. Red Cross, Yarn, Inc., of Canal Point \$12.50, and the final sale to the Lake Okechobee Farmers Co-Operative of Canal Point for \$12.50.

four. Mr. Robin started this promotional commission, a series of sales by paying \$25. A. McCabe & Co., then paid \$25; third Max E. Beverly, Inc., and the Chastain Co., of Canal Point purchased it for \$25; then the fourth sale went to W. H. Yarn, Inc., of Canal Point for \$12.50, and the final sale to the Lake Okechobee Farmers Co-Operative of Canal Point for \$12.50.

# BE LOYAL!—

## To Yourself and Belle Glade

### TO BUILD A BETTER COMMUNITY TRY LOCAL STORES FIRST

When you wish to make a purchase—whether it is large or small—try to find it in your local stores. You will probably discover exactly what you want at a price as low as that asked in the larger town to which you are sometimes attracted. Let your merchant know what you want and he will obtain it so that he will have it in stock the next time you have a need for it.

This is your community and it belongs to you! Its progress is progress for you. Its growth means betterment for you. When you deal with your local merchant you are helping your town to grow and in turn you are helping yourself. Deal with your local merchants and see your town get ahead—let's make it grow so that it will be a better place in which to live.

**LOCAL MERCHANTS** support our schools, churches and civic clubs. These organizations play a most vital part not only in the present social and cultural activities of our community, but in building the character of the kind of community we are to have in the future.

THIS MESSAGE URGING THE PEOPLE OF THIS COMMUNITY TO SHOP IN LOCAL STORES IS SPONSORED BY—

# See the P. T. A. FASHION SHOW

BELLE GLADE HIGH SCHOOL AUDITORIUM, THURSDAY, MAY 13th., 8:00 P. M.

ADMISSION 50c

Pictured above are five of the local models that will take part in the fashion show; namely: Mrs. Bea Fleming, Mrs. E. D. Humphries, Mrs. E. M. VanLandingham, Mrs. Frank Dooley, and Mrs. W. A. Thichaud. Those not shown, who will participate, are: Mrs. J. I. Freedlund, Mrs. Guy Woods, Mrs. Frank Anderson, Mrs. H. D. Beck, Mrs. Margret Mosely, Mrs. Genevieve Gold, Mrs. Margaret Sharp, Mrs. Lewis Murray, Miss Barbara Hayman, Miss Joan Livingston, Miss Nancy Crossen, and Miss Elizabeth Stevens.

## YOUR LOCAL MERCHANTS

and the Safety Committee of the PTA are presenting A GALA FASHION SHOW at 8 p. m. on Thursday night, May 13th at the High School Auditorium for the benefit of the School Safety Patrol.

Sixteen of our own Belle Glade lovelies will model about 35 frocks from formals to smart sports clothes furnished by our home town merchants.

Violin and piano music will be played by Mrs. L. P. Parson and Mrs. S. K. Smith, Jr., while the models swish and swirl. To add to the evening's entertainment Mrs. David Stoddard will render a vocal solo. The girls are rehearsing now to capture the professional model swagger and they're good—plenty good. Mrs. R. V. Allison and Mrs. H. O. Earwood will deliver the commentary during the show.

The "new look" will prevail and only nationally advertised merchandise will be shown. The merchants plan to show that their merchandise is comparable to that found in any larger city. To trade at home means you help not only your town but yourself as well, for to trade with your local merchants and professional men affects everyone directly or indirectly.

Are you trading at home or are you making your living in Belle Glade and trading elsewhere?

For the week of May 9th the merchants division of the Chamber of Commerce have planned that each merchant will hold "open house".

Let's all go in and call on our merchants, see their merchandise and get acquainted with them. Let's get together and make Belle Glade grow!

See you at the Fashion Show.

THE SPIRIT THAT MAKES A TOWN FORGE AHEAD IS HERE! HELP IT TO BECOME A GREATER POWER ---

### Graduates Registering For Jobs With USES

Members of high school and college graduating classes interested in securing employment are being asked to register with the Belle Glade office of the Florida State Employment Service, A. M. Larrimore, Manager of the local office said today. Mr. Larrimore said that the Employment Service here and throughout the State had geared their activities to assisting students in deciding what type jobs they were qualified to do, and referring them to such jobs. Of special assistance to new entrants to the labor market are the various kinds of tests in the general aptitude test battery.

Employment Service personnel trained in counseling, help students evaluate their interests and aptitudes in terms of current job openings. Youth seeking jobs through the Employment Service have a wide range of job openings, as not only are job openings in the local community listed, but in the state, nation, and foreign countries.

Mr. Larrimore reported that the Belle Glade office had placed 41, including 21 veterans in jobs during April. How-

ever, there were 149 including 16 women, still seeking jobs at the beginning of May. According to the most recent count, there are 25 job openings, 19 for men and 6 for women listed at the local office.

Mr. Larrimore is encouraging employers to list all job openings with the Employment Service so they may avail themselves of many well qualified school graduates who will be seeking employment within the next several weeks. Job orders and applications for jobs should be made at the Florida State Employment Service in the Hendry Building. Job orders will be taken over our telephone—307.

### GLADES SCHOOL SENIORS INSPECT AND LEARN OF JUNIOR COLLEGE

Superintendent of Public Instruction, John Leonard, who is booked to soon become the President of the West Palm Beach Junior College, is already laying foundations to increase the information concerning the college, and its increased enrollment of students in the fall opening.

This institution is a Junior College, with a course of study which will prepare young people for higher college attendance, and cutting down the

time needed to attend one of the higher schools, by several years, at a great saving in expenses to the younger students. To this end, the Doctor, has put in a plan whereby the high school seniors of the county schools, are given a personal supervised trip through the new college plant at former Morrison Field. East coast schools have already made such visitations, and this week, the seniors of Belle Glade and Pahokee were taken on such a tour, and given information as to the advantages of the Junior College, and courses of study available.

Dr. Leonard, in his term as county superintendent, has built the public school system up to high standards, he plans to carry on the same program to the enrichment of the college which he is to head. With an outstanding educator, such as Dr. Leonard has proven himself to be, this home county school, will sure make many advancements and become most popular among high school graduates of the county.

### Fire Department News

Carl Williams has been appointed as a regular fireman at the city fire department, owing to sick leave granted to one of the regular firemen. The department was called to Northmoore, Monday afternoon, to extinguish a fire in the vacant tool house of the Hooker-Jones Co. Around one o'clock Tuesday morning, the department was called to the packing house center, where a truck of Burnett and Sims, was found ablaze.

The first two fire helmets ever worn by a local fire department employee were presented by Leo Rader. The fire-

men have the helmets in their archives as mementoes of early days of the department.

### Tom Deans Returns Here To Engage In Business Again

T. L. Dean, formerly a merchant over on Fifth street, but who has been in business in Ocala the past 15 months, has returned to Belle Glade, and opened up a new store in the new Meeks building on North Fifth street, S. W.
